INTRODUCTION

Welcome to the 2019-2020 annual resident newsletter! As this residency year comes to an end and we finish up our projects and rotations, we are reflecting on how great of a year it was. All the opportunities, accomplishments, and skills we have gained throughout this year will serve us well as pharmacists. We even experienced a pandemic and learned how to be flexible with schedules as well as the responsibilities of monitoring patients with COVID-19. We are excited to start the next chapter in our lives and join you as official Aurora Resident alumni!

RESIDENCY PROGRAM OVERVIEW

The Legacy Aurora Residency programs trained 26 PGY1 residents and 9 PGY2 residents across Wisconsin this year! As we continue integrating with our teammates in Illinois, many of our year-long projects focused on integration work.

PROFESSIONAL ATTENDANCES

MIDYEAR

Midyear 2019 brought a few changes. We enjoyed interacting with potential residency candidates at one HUGE Residency Showcase booth representing all of the residency programs across Advocate Aurora Health. It was also great to meet/catch up with many of you at the combined Advocate Aurora Health Reception.

We also enjoyed the Whitney Reception and left feeling inspired.

WISCONSIN PHARMACY RESIDENCY CONFERENCE (WPRC)

This year WPRC looked very different for us as residents. Instead of printing posters, finalizing our presentations, and preparing to travel to Madison to present our year-long projects to an in-person statewide audience, we were challenged to adapt quickly and prepare to present to a statewide audience virtually! With the number of confirmed COVID-19 cases rising and the state encouraging people to stay home, the Pharmacy Society of Wisconsin (PSW) decided to move to a virtual conference. While we weren't sure how this would go initially, it ended up being a great conference thanks to all the PSW staff who made it work! We were able to successfully present all our presentations from home and listen to other residency program presentations as well. We also successfully maintained the recommended 6 feet apart rule while presenting! Here are some individual quotes on how the conference went:

"I am happy I was able to still attend WPRC with the situation we are in! Everything was very well organized, and I enjoyed listening to other resident's projects. Job VERY well done!"

"I am very impressed and thankful that WPRC was able to provide such a valuable experience for attendees despite the difficult circumstances. I loved that the CE presentations were recorded and that I could rewind and take thorough notes on the content!"

"I am thankful for all the hard work by PSW staff members. Their efforts made this virtual conference a success and an experience I will remember forever!"

LIVING OUR BEST LIVES

We always found a reason to have fun together, whether it be happy hours, exploring WI, or celebrating residency milestones!

CONGRATULATIONS!!

To Tom Woller, who has been selected as the 2020 recipient of the John W. Webb Lecture Award! The award recognizes a pharmacy leader who has fostered excellence in pharmacy administration through extraordinary dedication in multiple areas. He will be delivering a presentation at the annual ASHP Leadership Meeting in October, as well as at Northeastern University College of Pharmacy in Boston, where the award was first established in 1985.

To Frank Spexarth, who retired in May. We will miss him dearly, but wish him all the best in his retirement! Highlighted below is Frank ceremoniously handing over his sanitized beloved pen to Jared! Frank can be reached via email at spexarthf@gmail.com.
